| ARRIVAL | WHERE | OUTPUTS |
|---|---|---|
| We'll get there at 6:30 PM | Ramat Gan · Home game | YouTube · Instagram |

## We're not filming a basketball game.
## We're introducing *Ahmad Caver* through a basketball game.

CORE IDEA

A short cinematic game-day story that introduces Ahmad through basketball first — then lets people meet the person behind the player.

FEEL

Natural · Cinematic · Personal · Confident

Not over-produced. Not a generic highlight video.

*1*

### Arrival / Hook

**Goal:** Pull the viewer into Ahmad's day immediately.

**Capture**

- Ahmad arriving at the arena
- Walking toward / into the venue
- Shoes / bag / headphones / details
- Natural interactions
- 1–2 quick lines to camera before the game

**Simple prompt:** "What's the mindset going into tonight?"

**Opening style:** Quick cinematic shots + Ahmad's voice over them.

*2*

### Pre-game

**Goal:** Build anticipation.

**Capture**

- Stepping onto the court
- Warmups
- Shooting routine
- Stretching / preparation
- Teammate interactions
- Quiet focused moments
- Close-ups + wide arena shots

**Story:** The energy slowly builds toward tip-off.

*3*

### The Game

**Goal:** Show Ahmad as the athlete.

**Capture**

- Best plays
- Reactions
- Defense / offense
- Bench moments
- Crowd / atmosphere
- Scoreboard / game details
- Emotional moments

**Edit:** Do not make this the entire vlog. Use the game as the peak of the story.

*4*

## After the Game

**Goal:** Transition from basketball player → person.

First, let Ahmad react naturally to the game.

**Questions**

- "How did that one feel?"
- "What stood out to you tonight?"
- "What's the mindset after a game like this?"

Keep answers natural and short.

*5*

## Meet Ahmad

**Goal:** Give viewers a reason to follow beyond tonight.

More relaxed, off-court conversation.

**Topics**

- Who is Ahmad Caver?
- Where is he from?
- How long has basketball been part of his life?
- What keeps him hungry?
- What does he still enjoy about the game?
- What does he enjoy outside basketball?
- What side of himself does he want people to see?
- What can people expect from his future content?

**Important:** This should feel like a conversation — not an interview.

*6*

## Ending / Next Chapter

Finish with a short statement from Ahmad that creates continuation.

**Example direction:** "This is only the beginning. You'll see a lot more this season."

**Then**

- Final cinematic shots
- Walk away / arena exit
- EA Visuals × Ahmad Caver
